FINANCIAL STATEMENTS

JUNE 30, 2012

CERTIFIED PUBLIC ACCOUNTANTS

CERTIFIED PUBLIC ACCOUNTANTS

ACCOUNTANTS' COMPILATION REPORT

To the Board of Directors
Northwest Arkansas Conservation Authority
Bentonville, Arkansas

We have compiled the accompanying statement of net assets of **Northwest Arkansas Conservation Authority** as of June 30, 2012 and the related statement of revenue, expense and changes in net assets - actual and budget for the six months then ended. We have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the compilation in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

Management has elected to omit substantially all of the disclosures and the statement of cash flows required by accounting principles generally accepted in the United States of America. If the omitted disclosures and statements were included in the financial statement, they might influence the user's conclusions about the Organization's financial position, results of operations, and cash flows. Accordingly, these financial statements are not designed for those who are not informed about such matters.

A management's discussion and analysis and budgetary comparison information are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. Management has not presented the management's discussion and analysis required to supplement, although not required to be a part of, the basic financial statements.

We are not independent with respect to Northwest Arkansas Conservation Authority because as of January 1, 2012 we perform certain accounting services that impair our independence.
